CUT YOUR MONTHLY BUSINESS PHONE BILL BY 50% WITH **FlexLines** BY TMSI

****Wait! Don't throw this away like the rest of the fax junk!****

Are you an established business that questions the value and service provided by your big national *telus* phone companies? Do you doubt whether you can cut costs any further without driving your support staff insane? **Well, you can. Cut costs that is.**

You can maintain your original phone numbers with TMSI and you won't need to be concerned with Telus again. Using **VOIP technology**, and acting on your behalf with Telus, we can reduce your costs by potentially thousands of dollars a month, helping you contribute to your bottom line!

It all starts with a **Flex Audit**. Grab a copy of your Telus bill and call us. Answer a few questions and you're on your way to saving money *and* gaining a service you didn't think possible.

In the days of VOIP, don't you think it's time you paid a fair price for your business phone service?
